Hansen-Heekin Wedding.

Miss Katharine Hansen, daughter of Mrs. Mary Hansen of this city, and Mr. Charles P. Heekin of St. Joseph, were united in marriage at St. Mary's Catholic church Monday morning at 8 o'clock, Rev. Father Anselm performing the ceremony. Father anselm had also administered the rite of baptism for the bride and groom, when presented to the church by their parents in their infancy. Only the parents and brothers and their families of the contracting parties witnessed the wedding, and Miss Mamie McAsey and Mr. Robert Burns of St. Joseph, who attended them. The bride was beautifully gowned in white messaline over which she wore a robe of baby Irish lace. She wore a large white picture hat of Irish point lace and plumes and carried a shower bouquet of bride's roses and lilies of the valley. Mr. and Mrs Heekin left on the morning Burlington train for Colorado Springs and other points in the west, and will be at home after October 1st at 2310 Jewell street, St. Joseph, where Mr. Heekin is employed in the business offices of Swift & Co. They are excellent young people and have a host of friends who wish them health, happiness and prosperity always. Mr. Heekin is a son of Mr. and Mrs. John Heekin of Ravenwood. On Sunday evening a pre-nuptial wedding dinner was given by the bride's mother, Mrs. Mary Hansen, at her home, on East Seventh street. The table and dining room were beautiful in their decorations of pink and white. Covers were laid for Mr. Heekin and his bride-to-be, Mr. and Mrs. John Heekin and son, James Heekin of Ravenwood; Mr. and Mrs. John Hansen and sons, John Francis and Theodore; Mr. and Mrs. Joseph Hansen and family; Mr. and Mrs. Will Hansen of Maryville, Mr. and Mrs. Will Heekin of Ravenwood; Miss Mamie McAsey and Mr. Robert Burns of St. Joseph, Mr. and Mrs. John Behm and daughter, Beatrice Belle.

The young ladies started on their walk at 6 o'clock Sunday morning and arrived in Burlington Junction at 11 o'clock. They returned home on the train. "Jack" Evans and George Kemp will have to look well to their laurels on their proposed walk to San Francisco, and be in earnest about it, or they may have strong competitors in Maryville girls.

Surprised Lawrence Keeler.

A number of Lawrence Keeler's friends gave him a pleasant surprise party Monday night, for a farewell evening until Christmas time, as he left Tuesday for Conception college. FAILING TO PROVIDE

FOR HIS WIFE AND CHILDREN, "BUNK" EDMINSTON ARRESTED.

CHILDREN TO SCHOOLS

Boys Sent to Boonville and the Girl to Chillicothe—Lived in a Chicken House.

Prosecutor George Pat Wright filed information Tuesday afternoon against Maggie Edminston, aged 13; Irvin Edminston, aged 15, Joseph Edminston aged 11, and Jay Edminston, aged 9, all children of Mr. and Mrs. "Bunk" Edminston, stating that they are bad and vicious and that unless restrained they are liable to become criminals.

The little girl was brought up before Justice W. L. Johnson this afternoon and was ordered sent to the girls' school at Chillicothe. From the testimony presented, it was learned that "Bunk" Edminston had not supported his family and children for the past six weeks and that they had no home, and that the children's associations were bad, some nights staying out all night, and staying uptown until midnight, running around on the streets.

It was brought out from the evidence presented by Prosecutor Wright that the family had lived for the past week or so in a chicken house the size of 8x10. The house had a cinder floor, and the four children and mother slept there. Before that time they were staying with some of the neighbors, as "Bunk" Edminston failed to provide a home for them. The mother took in washing to make a living, but did not have the time to look after her young children.

The three boys, under 16 years of age, were brought before the county court this afternoon and ordered sent to the boys' school at Boonville, Mo.

It was at the request of their mother that the children were sent to these institutions, as she could not provide, and didn't have the time to look after them.

An information was sworn out by Prosecutor Wright for the arrest of "Bunk" Edminston for deserting, abandoning and neglecting to care for his wife and children. Edminston was arrested this afternoon, and as the charge against him is a criminal one, it will be a penitentiary offense. Edminston, so it is stated, is a habitual drunkard and has been drinking alcohol whenever he could get it.

This is the first case of this kind that has ever come up in this county, and was brought by Prosecutor Wright upon the many complaints that were made by the people that were living near the Edminstons in the southeastern part of the city.

UNCOMFORTABLE TIME FOR REV. LEE HARREL

A man apparently demented on religious topics, who gave his name as Mose Dexter of Cumberland, Ia., made a rather interesting and uncomfortable time for Rev. Lee Harrel of the First Baptist church Sunday morning after preaching service.

The man attended church and requested a private interview with the preacher after service. He wanted to be so certain that no one would hear them that Rev. Harrel took him to the basement of the church, thinking the man wanted to secure him for a wedding ceremony, as he seemed as strange acting and embarrassed as young men often do when on that sort of an errand.

On arriving in the basement the man's conversation from the first led Mr. Harrel to think him mentally unballanced, and his manner and conversation gave the minister reason for alarm as to his personal safety.

He finally secured the fellow's consent to leave, but on arriving at the church door they found the janitor had locked the door and gone home.

The man thought they were in a funny predicament and laughed about it. The minister did not laugh, but soon found a window and got out as fas as possible, the man following.

The fellow was turned over to Deputy Sheriff John L. Tilson, who discovered that he was a harmless sort of man, but sent him to his home.

FAIR IN OCTOBER

PROBABLY WILL BE HELD IN SECOND WEEK OF THAT MONTH.

COMMITTEES APPOINTED

To Have Charge of the Arrangements for the Street Fair—$1,600 Has Been Raised.

Nearly $1,600 has been raised for the street fair to be given in Maryville, probably the second week in October. However, the dates for the fair have not altogether been decided on.

At a meeting of the street fair committee Monday evening the various committees were appointed, and work will start at once to arrange for the big event. A great deal of interest is being taken by the merchants in the fair, since this is the first street fair to be given here for a number of years, and the first big affair to be given in the fall of the year since the last street fair, held in 1904.

Arrangements are to be made by the various committees for the special entertainment of the people that will come during fair week. Many fine free attractions are to be secured. The street fair this year promises to excel any that has ever been given here.

The following committees were appointed Monday evening:

Soliciting—Clyde Avitt, Albert Kuchs, Ed Williams and Henry Neal.

Collecting—John Murrin, Ed Keck, Conrad Sweitzer.

Stock show—J. A. Ford, F. P. Robinson and R. P. Hosmer.

Committee on street arrangements—J. A. Ford, E. H. Bainum, O. K. Herndon, L. E. Forsyth, John E. Price.

Advertising—Berney Harris, Harry Alderman, H. L. Raines, James Todd, Fred Hull.

Contracting—M. A. Turner, Albert Kuchs, Clyde Avitt, Lawrence Schumacher.

Executive—A. S. Robey, M. A. Turner, Henry Westfall, F. P. Reuillard, Joseph Jackson, Jr., George L. Wilfley, J. B. Robinson, Nick Sturm, George B. Baker, W. A. Miller, Berney Harris, Adolph Lippman.

Committee on store decorating and booths—W. F. Phares, R. C. Curfman, F. M. Townsend, John Wallace, Adolph Lippman.

WILL HAVE A GOOD CORN CROP THIS YEAR

L. C. Miller, who lives in Maryville and owns a farm near Graham, brought into this office Monday afternoon some good samples of corn that he raised on his place this year. They are on exhibition at the office. He has sixty-five acres planted in corn that will average fifty bushels to the acre, and he has another seventeen-acre tract of corn that he thinks will average seventy bushels to the acre.

Mrs. John Hockenhull and two little children of near Graham went to Gentry Tuesday to visit her mother, Mrs. L. Custer.

SIT DOWN AND THINK.

(Emporia Gazette.)

Joe Rank: Better look yourself over now and see if you are doing your best to give satisfaction in the position you hold. Work is tightening up all over the country in all lines, and it will be no trouble to fill your position with competent help and at less money, probably, than you are drawing. Instead of wondering how the institution could get along without you, think how you could get along without the pay check you receive every week or every month.

Cut out your "side issues." Cut out your dreaming. Cut out the things that interfere with competent work. Invoice yourself occasionally by checking up your day's work, and see if you are actually earning the salary you receive. If you have formed the habit of getting down to work just before the whistle blows, and are caught watching the clock, to be ready to quit on the dot, when quitting time comes, you can make a hit with your employer by getting down a few minutes earlier and not being in too big a hurry to get away.

Not that he wants you to work overtime, but he will take it as an indication that you have some interest in his business, and are not solely interested in drawing your salary.

Yesterday the Union Pacific Railroad company announced that it would lay off 2,500 employees in all lines. That retrenchment will force other industries to retrench. Suppose 1,000 of those 2,500 men have been laying rails and putting in ties. Then the steel mills and the saw mills have lost a market for the material those employees have been putting into railroad tracks and must curtail their output by dropping employees.

Office men will be dropped, stenographers will have nothing to do, and will be let out, and they will start out to look for another position and may drift into the office where you are employed, and may get your job. So the issue you face is to try to be a little more efficient and a little more industrious, so that your employer will be entirely satisfied with you.

Fighting Hog Cholera.

From almost every county of Missouri there have come to the agricultural college during the past three months appeals for help to check the ravages of hog cholera. At the present time Franklin, Caldwell and Ray counties are centers of infection, and every effort is being put forth to prevent the further spread of the disease in these sections. The veterinary department has been taxed to its utmost capacity to supply serum as fast as the calls have come, but with its present equipment this has not been possible.

Over 54,000 doses have been sent out from the serum laboratory at Columbia during the first eight months of 1911. Fifteen thousand hogs have been inoculated for the prevention of cholera during the month of August alone. Four men are now in the field where the disease is most deadly, applying the serum treatment and advising other preventive measures.

Last winter the legislature of Missouri appropriated $25,000 to aid the work of the veterinary department in fighting hog cholera. To say that double this sum is being saved to the farmers of Missouri every month of the year as a result of this original investment of $25,000 is an entirely conservative statement.

Miss Helen Wray Here.

Miss Helen Wray, who has been spending the past year in Springfield, Mass., arrived in Maryville Monday evening and is visiting Miss Grace Sturm and the members of the Hum Drum club, of which she is a member. DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Rural Philosophy.

Farmers are accused of constantly complaining, but one said that week, in speaking of the drouth: "All I've got is burned up, my whole year's work, but I guess it's all right. We can't have good crops all the time." That was philosophy.—Lagrange (Ky.) Era.

HACKENSCHMIDT EASY FOR GOTCH

Russian Lion Topples Before Charges of Iowa Champion.

HACK MAKES POOR SHOWING.

First Fall Is Won With a Reverse Body Lock in Fourteen Minutes. Second Fall Comes With Toe Hold in Five Minutes.

Facts of Championship Match.

Winner—Frank A. Gotch of Humboldt, Ia., champion wrestler of the world.

Loser—George Hackenschmidt of Dorpat, Russia, European champion

First Fall—Gotch pinned Hackenschmidt's shoulders with a reverse body hold. Time, 14:18 1-5.

Second Fall—Gotch pinned Hackenschmidt with a toe lock. Time, 5:32 1-5.

Total Wrestling Time—19:50 2-5.

Attendance—Estimated, 30,000.

Total Receipts—$87,053.

Gotch's Share—$21,000 and 50 per cent of moving picture profits.

Mackenschmidt's Share—$13,500

Hackenschmidt's Share—$13,500

Chicago, Sept. 5.—The wrestling championship of the world remains at Humboldt, Ia. It took Frank Gotch, who made that town famous, just 19 minutes and 50 seconds to topple over George Hackenschmidt, who thus twice failed to wrest the world's highest wrestling honors from the sturdy Iowan.

Gotch secured the first fall with a reverse body lock in 14 minutes and 18 1-3 seconds, the second fall required exactly 5 minutes and 32 1-5 seconds. According to the general comment, Hack entered the ring a beaten man.

He looked like a loser. Gotch was supremely confident and master of the situation at every stage. The second fall looked as if the "lion" from across the Atlantic simply quit. It was rather a pitiable spectacle.

Gotch held a levee just outside of the platform of the arena, while Mrs. Gotch held another one in the grandstand.

"What do I think of it? Well, it was rather easy, wasn't it? Frank really can wrestle some, though I cannot say very much, as Frank is really the more important member of the family. Thank everybody for the nice way they stood by my husband."

Police were required to clear the aisles in order to afford a passage for the champion's wife.

Gotch said: "Honest, I didn't think it would be so easy. I expected to win, but not with the ease with which it was accomplished. I had not been in the ring three minutes when I knew that Hackenschmidt was even less to be feared than he was three years ago."

"I have nothing to say," the defeated Russian grunted.

Gotch made his way to his dressing room with the assistance of his broad shoulders and a squad of police. He waded through the crowd like a big Atlantic liner going through a fleet of tugs.

In his dressing room Hackenschmidt broke down and cried and with the floodgate of his tears open, his tongue was loosened and he said:

"I was in no condition to wrestle. Two weeks ago I wrenched my left leg. My trainers told me I could go in without injuring the member. But we had scarcely got to work when Gotch began to pull and twist my left leg. I realized that I was in no condition to continue the match. I am no quitter. Neither do I desire to charge that I was not treated squarely. My defeat is due entirely to the injury. I feel deeper than words can tell the loss of this match; however, I did my best. No man could have done more."

Abe Arends, as soon as he could make his way to the press stand, told the reporters that when Gotch secured the toe lock Hackenschmidt cried:

"Let go; it's hurting," and fell flat, bleeding at the mouth.

SLAIN BY UNKNOWN MAN

Governor of Russian Penal Settlement Is Assassinated.

Nertchinsk, Asiatic Russia, Sept. 5.—The governor of the Zarantui penal settlement was shot and killed by an unknown man. The assassin was arrested.

The man presented the card of an engineer of the prison and was received by the governor in his private office. Immediately on crossing the threshold the assassin drew a revolver and fired two shots at the officer. Both bullets took effect, the governor being instantly killed.

Guards, attracted by the shooting, rushed into the room and the man, after a struggle, was overpowered.

POLITINESS PAID A DIVIDEND.

New York, Sept. 4.—Some time in May, 1909, a rather shabbily dressed old man walked into the office of Augustus W. Weismann, superintendent of Hahnemann Hospital, and made precisely the same request that many hundreds of idle and curious people make at the hospital every year.

The man desired to be shown over the institution and see all the nooks and crannies. Mr. Weismann always obliges these persons when he can, though the number of requests amounts to a nuisance. He showed the stranger every room, even taking him to the kitchen and explaining to him how the food was prepared and what sort of cooking utensils were used. The old man seemed to take a tremendous interest in everything and asked so many questions that his identity as "Mr. Mitchell Valentine" stuck in Mr. Weismann's memory. He asked about the number of nurses, where they slept and what sort of foundations the buildings had. After that Mr. Valentine came again several times and bothered Mr. Weismann some more.

In June, 1910, Mr. Valentine died and left the hospital $1,146,826, because he believed, from the politeness he had received there, that the officers had the best of intentions toward the suffering public.

Kind Words About Divorce.

Ex-Governor Pennypacker, in an address that was both kind and witty, said in Philadelphia of the divorce evil:

"There would be less divorce if there were more forgiviness. We forgive our enemies—would it be so dreadful to forgive our husbands and our wives?

"I have been reading a play by a Frenchman—Hervieu's 'Connaistol'—I wish we turned out such plays in this country—and in the last act of this play an old soldier says a profoundly beautiful thing about those husbands and wives who forgive.

"'Happiness,' he says, 'is so precious to some of us that, when it is broken, we stoop and gather up the pieces.'"

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. N. H. Mead of Freeport, Kan., whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a trial bottle free of charge.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Juneau, Alaska, Sept. 5.—Eleven persons burned to death in a fire which destroyed the Juneau hotel and the McGrath building. Six bodies have been recovered from the ruins and five more are believed to be buried in the debris.

Fourteen persons are in the hospital suffering from severe burns or injuries received by them when they jumped from the upper floors. It is believed that William Southwick of Michigan and Boyd Miles of Montana will die.

The hotel, a three-story structure, was crowded and the entire building was ablaze before the alarm was given.

The known dead: William Morrison, day clerk, formerly of Portland, Ore.; Walter Davenport, a painter of Tacoma; Selina Dowling, a native girl.

The bodies of Morrison, Davenport, two unidentified men and two unidentified women have been recovered.

Selina Dowling was reputed to be the most beautiful halfbreed maiden in Alaska. She recently was acquitted of a charge of having murdered her mother.

The monetary loss is estimated at $50,000.

REFUSES TO MEET SHOPMEN

Markham Makes Reply to Ultimatum From Unions in a Letter.

Chicago, Sept. 5.—President Markham of the Illinois Central railroad ended hopes of an immediate settlement of the labor difficulties of the road by directing a letter to W. F. Kramer, secretary of the blacksmiths' international union, refusing to meet representatives of the Federated Shop Employees today, as he had been requested.

The letter from the representatives of the nine international unions involved to which Mr. Markham's communication was a reply was considered by labor men to be in the nature of an ultimatum. The unions asked that Markham meet the employees of the road as represented by the system's federation.

President J. F. McCreery, one of the federation representatives, issued a statement that the nine crafts in the federation had turned matters over to the international officers and would await action by them.

The strike notices have been written out and are held by President McCreery of the federation.

"CONSCIENCE FUND" OF $500

State Department Clerk Pulls Five Big Bills Out of Envelope.

Washington, Sept. 5.—A clerk in the index and files bureau of the state department was busy opening and classifying the mail that had been delivered and as he sliced a sealed envelope and emptied the contents he observed five $100 bills drop out.

He gathered them up and then delved into the envelope to find the accompanying letter. But the only enlightenment he got was a slip of paper, on which was written "Conscience." The state department officers refuse to tell the postmark on the envelope.

Such letters are frequent in the treasury department, but unusual in the state department.

Judge Evans of Dakota City, who was appointed referee to hear testimony in this case, reported that Donahue had wilfully allowed violations of the law and ought to be removed from his position.

BEATTIE DENIES ALL CHARGES

Defendant in Murder Trial Tells Story to the Jury.

DID NOT ASK PAUL TO BUY GUN

Will Show Panel How His Wife Was Shot by Bearded Highwayman While Sitting Beside Him in Auto. No Change in Story.

Chesterfield, Va., Sept. 5.—Henry Clay Beattie, Jr., on the witness stand, categorically denied that he took part in or knew anything of the purchase of the shotgun by his cousin, Paul Beattie, with which his wife was killed. He likewise flatly contradicted almost the entire testimony of his cousin, particularly with regard to the alleged confession in which Henry is supposed to have said to Paul, "I wish I hadn't done it."

Tightly clenching a handkerchief, with which he nervously rubbed his face, the prisoner rested his head on one hand and half reclining in the arm of the chair faced the jury. His answers were quick and decisive, and he showed an apt memory in relating the details of the manner in which the alleged highwayman approached his machine, and, intending to shoot at the accused, murdered his wife, who sat beside him.

It was the same story, identical even in its phraseology, with that which the accused told to the coroner's jury, although he admitted more of his relations with Beulah Binford, following the course of the defense throughout the trial in pointing her out as a disreputable girl, for whom the prisoner had only a passing fancy and for whom he never would have murdered his wife.

The examination of the fatal automobile and the demonstration by the prisoner was dispensed with by agreement of counsel. The defense declared that it had rested its case. The cross-examination of the prisoner was begun.

Digs Up Priceless Statue.

Rome, Sept. 5.—A peasant at Mondragone discovered in the remains of an ancient Roman building pieces of a marble statue, which he sold to a dealer. When put together the fragments revealed a headless and armless Venus, which is attributed to the chisel of Praxiteles. It is said it belonged to the temple of Simena. It is now in the Naples museum.

Hansen-Heekin Wedding.

Miss Katharine Hansen, daughter of Mrs. Mary Hansen of this city, and Mr. Charles P. Heekin of St. Joseph, were united in marriage at St. Mary's Catholic church Monday morning at 9 o'clock, Rev. Father Anselm performing the ceremony. Father anselm had also administered the rite of baptism for the bride and groom, when presented to the church by their parents in their infancy. Only the parents and brothers and their families of the contracting parties witnessed the wedding, and Miss Mamie McAsey and Mr. Robert Burns of St. Joseph, who attended them. The bride was beautifully gowned in white messaline over which she wore a robe of baby Irish lace. She wore a large white picture hat of Irish point lace and plumes and carried a shower bouquet of bride's roses and lilies of the valley. Mr. and Mrs Heekin left on the morning Burlington train for Colorado Springs and other points in the west, and will be at home after October 1st at 2310 Jewell street, St. Joseph, where Mr. Heekin is employed in the business offices of Swift & Co. They are excellent young people and have a host of friends who wish them health, happiness and prosperity always. Mr. Heekin is a son of Mr. and Mrs. John Heekin of Ravenwood. On Sunday evening a pre-nuptial wedding dinner was given by the bride's mother, Mrs. Mary Hansen, at her home, on East Seventh street. The table and dining room were beautiful in their decorations of pink and white. FAILING TO PROVIDE

FOR HIS WIFE AND CHILDREN, "BUNK" EDMINSTON ARRESTED.

CHILDREN TO SCHOOLS

Boys Sent to Boonville and the Girl to Chillicothe—Lived in a Chicken House.

Prosecutor George Pat Wright filed information Tuesday afternoon against Maggie Edminston, aged 13; Irvin Edminston, aged 15, Joseph Edminston aged 11, and Jay Edminston, aged 9, all children of Mr. and Mrs. "Bunk" Edminston, stating that they are bad and vicious and that unless restrained they are liable to become criminals.

The little girl was brought up before Justice W. L. Johnson this afternoon and was ordered sent to the girls' school at Chillicothe. From the testimony presented, it was learned that "Bunk" Edminston had not supported his family and children for the past six weeks and that they had no home, and that the children's associations were bad, some nights staying out all night, and staying uptown until midnight, running around on the streets.

It was brought out from the evidence presented by Prosecutor Wright that the family had lived for the past week or so in a chicken house the size of 8x10. The house had a cinder floor, and the four children and mother slept there. Before that time they were staying with some of the neighbors, as "Bunk" Edminston failed to provide a home for them. The mother took in washing to make a living, but did not have the time to look after her young children.

The three boys, under 16 years of age, were brought before the county court this afternoon and ordered sent to the boys' school at Boonville, Mo.

It was at the request of their mother that the children were sent to these institutions, as she could not provide, and didn't have the time to look after them.

An information was sworn out by Prosecutor Wright for the arrest of "Bunk" Edminston for deserting, abandoning and neglecting to care for his wife and children. Edminston was arrested this afternoon, and as the charge against him is a criminal one, it will be a penitentiary offense. Edminston, so it is stated, is a habitual drunkard and has been drinking alcohol whenever he could get it.

This is the first case of this kind that has ever come up in this county, and was brought by Prosecutor Wright upon the many complaints that were made by the people that were living near the Edminstons in the southeastern part of the city.

UNCOMFORTABLE TIME FOR REV. LEE HARREL

A man apparently demented on religious topics, who gave his name as Mose Dexter of Cumberland, Ia., made a rather interesting and uncomfortable time for Rev. Lee Harrel of the First Baptist church Sunday morning after preaching service.

The man attended church and requested a private interview with the preacher after service. He wanted to be so certain that no one would hear them that Rev. Harrel took him to the basement of the church, thinking the man wanted to secure him for a wedding ceremony, as he seemed as strange acting and embarrassed as young men often do when on that sort of an errand.

On arriving in the basement the man's conversation from the first led Mr. Harrel to think him mentally unballanced, and his manner and conversation gave the minister reason for alarm as to his personal safety.

He finally secured the fellow's consent to leave, but on arriving at the church door they found the janitor had locked the door and gone home.

The man thought they were in a funny predicament and laughed about it. The minister did not laugh, but soon found a window and got out as fas as possible, the man following.

The fellow was turned over to Deputy Sheriff John L. Tilson, who discovered that he was a harmless sort of man, but sent him to his home.

FAIR IN OCTOBER

PROBABLY WILL BE HELD IN SECOND WEEK OF THAT MONTH.

COMMITTEES APPOINTED

To Have Charge of the Arrangements for the Street Fair—$1,600 Has Been Raised.

Nearly $1,600 has been raised for the street fair to be given in Maryville, probably the second week in October. However, the dates for the fair have not altogether been decided on.

At a meeting of the street fair committee Monday evening the various committees were appointed, and work will start at once to arrange for the big event. A great deal of interest is being taken by the merchants in the fair, since this is the first street fair to be given here for a number of years, and the first big affair to be given in the fall of the year since the last street fair, held in 1904.

Arrangements are to be made by the various committees for the special entertainment of the people that will come during fair week. Many fine free attractions are to be secured. The street fair this year promises to excel any that has ever been given here.

The following committees were appointed Monday evening:

Soliciting—Clyde Avitt, Albert Kuchs, Ed Williams and Henry Neal.

Collecting—John Murrin, Ed Keck, Conrad Sweitzer.

Stock show—J. A. Ford, F. P. Robinson and R. P. Hosmer.

Committee on street arrangements—J. A. Ford, E. H. Bainum, O. K. Herndon, L. E. Forsyth, John E. Price.

Advertising—Berney Harris, Harry Alderman, H. L. Raines, James Todd, Fred Hull.

Contracting—M. A. Turner, Albert Kuchs, Clyde Avitt, Lawrence Schumacher.

Executive—A. S. Robey, M. A. Turner, Henry Westfall, F. P. Reuillard, Joseph Jackson, Jr., George L. Wilfley, J. B. Robinson, Nick Sturm, George B. Baker, W. A. Miller, Berney Harris, Adolph Lippman.

Committee on store decorating and booths—W. F. Phares, R. C. Curfman, F. M. Townsend, John Wallace, Adolph Lippman.

WILL HAVE A GOOD CORN CROP THIS YEAR

L. C. Miller, who lives in Maryville and owns a farm near Graham, brought into this office Monday afternoon some good samples of corn that he raised on his place this year. They are on exhibition at the office. He has sixty-five acres planted in corn that will average fifty bushels to the acre, and he has another seventeen-acre tract of corn that he thinks will average seventy bushels to the acre.

Mrs. John Hockenhull and two little children of near Graham went to Gentry Tuesday to visit her mother, Mrs. L. Custer.

Not ANY Glasses

Don't forget that there ARE Glasses that will do your eyes more harm than good.

The lenses for YOU must be ground to your measure; just the same as a druggist puts up a prescription.

Glasses chosen in any other way are a positive danger.

This point cannot be given too much emphasis.

It is as easy for you to get the right kind as the wrong.

We will choose them for you, and do it in such a way that mistakes are impossible. At

SIT DOWN AND THINK.

(Emporia Gazette.)

Joe Rank: Better look yourself over now and see if you are doing your best to give satisfaction in the position you hold. Work is tightening up all over the country in all lines, and it will be no trouble to fill your position with competent help and at less money, probably, than you are drawing. Instead of wondering how the institution could get along without you, think how you could get along without the pay check you receive every week or every month.

Cut out your "side issues." Cut out your dreaming. Cut out the things that interfere with competent work. Invoice yourself occasionally by checking up your day's work, and see if you are actually earning the salary you receive. If you have formed the habit of getting down to work just before the whistle blows, and are caught watching the clock, to be ready to quit on the dot, when quitting time comes, you can make a hit with your employer by getting down a few minutes earlier and not being in too big a hurry to get away.

Not that he wants you to work overtime, but he will take it as an indication that you have some interest in his business, and are not solely interested in drawing your salary.

Yesterday the Union Pacific Railroad company announced that it would lay off 2,500 employees in all lines. That retrenchment will force other industries to retrench. Suppose 1,000 of those 2,500 men have been laying rails and putting in ties. Then the steel mills and the saw mills have lost a market for the material those employees have been putting into railroad tracks and must curtail their output by dropping employees.

Office men will be dropped, stenographers will have nothing to do, and will be let out, and they will start out to look for another position and may drift into the office where you are employed, and may get your job. So the issue you face is to try to be a little more efficient and a little more industrious, so that your employer will be entirely satisfied with you.

Fighting Hog Cholera.

From almost every county of Missouri there have come to the agricultural college during the past three months appeals for help to check the ravages of hog cholera. At the present time Franklin, Caldwell and Ray counties are centers of infection, and every effort is being put forth to prevent the further spread of the disease in these sections. The veterinary department has been taxed to its utmost capacity to supply serum as fast as the calls have come, but with its present equipment this has not been possible.

Over 54,000 doses have been sent out from the serum laboratory at Columbia during the first eight months of 1911. Fifteen thousand hogs have been inoculated for the prevention of cholera during the month of August alone. Four men are now in the field where the disease is most deadly, applying the serum treatment and advising other preventive measures.

Last winter the legislature of Missouri appropriated $25,000 to aid the work of the veterinary department in fighting hog cholera. To say that double this sum is being saved to the farmers of Missouri every month of the year as a result of this original investment of $25,000 is an entirely conservative statement.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Rural Philosophy.

Farmers are accused of constantly complaining, but one said that week, in speaking of the drouth: "All I've got is burned up, my whole year's work, but I guess it's all right. We can't have good crops all the time." That was philosophy.—Lagrange (Ky.) Era.

Helping Out.

"Not exactly," replied Mr. Meekton. "Henrietta was rehearsing for a suffragette debate and I was supposed to represent the opposition."—Washington Star.

HACKENSCHMIDT EASY FOR GOTCH

Russian Lion Topples Before Charges of Iowa Champion.

HACK MAKES POOR SHOWING.

First Fall Is Won With a Reverse Body Lock in Fourteen Minutes. Second Fall Comes With Toe Hold in Five Minutes.

Facts of Championship Match.

Winner—Frank A. Gotch of Humboldt, Ia., champion wrestler of the world.

Loser—George Hackenschmidt of Dorpat, Russia, European champion.

First Fall—Gotch pinned Hackenschmidt's shoulders with a reverse body hold. Time, 14:18 1-5.

Second Fall—Gotch pinned Hackenschmidt with a toe lock. Time, 5:32 1-5.

Total Wrestling Time—19:50 2-5.

Attendance—Estimated, 30,000.

Total Receipts—$87,053.

Gotch's Share—$21,000 and 50 per cent of moving picture profits.

Mackenschmidt's Share—$13,500.

Hackenschmidt's Share—$13,500.

Chicago, Sept. 5.—The wrestling championship of the world remains at Humboldt, Ia. It took Frank Gotch, who made that town famous, just 19 minutes and 50 seconds to topple over George Hackenschmidt, who thus twice failed to wrest the world's highest wrestling honors from the sturdy Iowan.

Gotch secured the first fall with a reverse body lock in 14 minutes and 18 1-3 seconds, the second fall required exactly 5 minutes and 32 1-5 seconds. According to the general comment, Hack entered the ring a beaten man.

He looked like a loser. Gotch was supremely confident and master of the situation at every stage. The second fall looked as if the "lion" from across the Atlantic simply quit. It was rather a pitiable spectacle.

Gotch held a levee just outside of the platform of the arena, while Mrs. Gotch held another one in the grandstand.

"What do I think of it? Well, it was rather easy, wasn't it? Frank really can wrestle some, though I cannot say very much, as Frank is really the more important member of the family. Thank everybody for the nice way they stood by my husband."

Police were required to clear the aisles in order to afford a passage for the champion's wife.

Gotch said: "Honest, I didn't think it would be so easy. I expected to win, but not with the ease with which it was accomplished. I had not been in the ring three minutes when I knew that Hackenschmidt was even less to be feared than he was three years ago."

"I have nothing to say," the defeated Russian grunted.

Gotch made his way to his dressing room with the assistance of his broad shoulders and a squad of police. He waded through the crowd like a big Atlantic liner going through a fleet of tugs.

In his dressing room Hackenschmidt broke down and cried and with the floodgate of his tears open, his tongue was loosened and he said:

"I was in no condition to wrestle. Two weeks ago I wrenched my left leg. My trainers told me I could go in without injuring the member. But we had scarcely got to work when Gotch began to pull and twist my left leg. I realized that I was in no condition to continue the match. I am no quitter. Neither do I desire to charge that I was not treated squarely. My defeat is due entirely to the injury. I feel deeper than words can tell the loss of this match; however, I did my best. No man could have done more."

Abe Arends, as soon as he could make his way to the press stand, told the reporters that when Gotch secured the toe lock Hackenschmidt cried:

"Let go; it's hurting," and fell flat, bleeding at the mouth.

SLAIN BY UNKNOWN MAN

Governor of Russian Penal Settlement Is Assassinated.

Nertchinsk, Asiatic Russia, Sept. 5.—The governor of the Zarantui penal settlement was shot and killed by an unknown man. The assassin was arrested.

The man presented the card of an engineer of the prison and was received by the governor in his private office. Immediately on crossing the threshold the assassin drew a revolver and fired two shots at the officer. Both bullets took effect, the governor being instantly killed.

Guards, attracted by the shooting, rushed into the room and the man, after a struggle, was overpowered.

It was at the Zarantui prison that Sasonoff, the revolutionist, who in 1904 assassinated Minister of the Interior von Plehve, committed suicide last fall as a protest against corporal punishment inflicted at the prison.

POLITINESS PAID A DIVIDEND.

New York, Sept. 4.—Some time in May, 1909, a rather shabbily dressed old man walked into the office of Augustus W. Weismann, superintendent of Hahnemann Hospital, and made precisely the same request that many hundreds of idle and curious people make at the hospital every year.

The man desired to be shown over the institution and see all the nooks and crannies. Mr. Weismann always obliges these persons when he can, though the number of requests amounts to a nuisance. He showed the stranger every room, even taking him to the kitchen and explaining to him how the food was prepared and what sort of cooking utensils were used. The old man seemed to take a tremendous interest in everything and asked so many questions that his identity as "Mr. Mitchell Valentine" stuck in Mr. Weismann's memory. He asked about the number of nurses, where they slept and what sort of foundations the buildings had. After that Mr. Valentine came again several times and bothered Mr. Weismann some more.

In June, 1910, Mr. Valentine died and left the hospital $1,146,826, because he believed, from the politeness he had received there, that the officers had the best of intentions toward the suffering public.

Kind Words About Divorce.

Ex-Governor Pennypacker, in an address that was both kind and witty, said in Philadelphia of the divorce evil:

"There would be less divorce if there were more forgiviness. We forgive our enemies—would it be so dreadful to forgive our husbands and our wives?

"I have been reading a play by a Frenchman—Hervieu's 'Connaistol'—I wish we turned out such plays in this country—and in the last act of this play an old soldier says a profoundly beautiful thing about those husbands and wives who forgive.

"'Happiness,' he says, 'is so precious to some of us that, when it is broken, we stoop and gather up the pieces.'"

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. N. H. Mead of Freeport, Kan., whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a trial bottle free of charge.

Address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

Fourteen persons are in the hospital suffering from severe burns or injuries received by them when they jumped from the upper floors. It is believed that William Southwick of Michigan and Boyd Miles of Montana will die.

REFUSES TO MEET SHOPMEN

Markham Makes Reply to Ultimatum From Unions in a Letter.

Chicago, Sept. 5.—President Markham of the Illinois Central railroad ended hopes of an immediate settlement of the labor difficulties of the road by directing a letter to W. F. Kramer, secretary of the blacksmiths' international union, refusing to meet representatives of the Federated Shop Employees today, as he had been requested.

The letter from the representatives of the nine international unions involved to which Mr. Markham's communication was a reply was considered by labor men to be in the nature of an ultimatum. The unions asked that Markham meet the employees of the road as represented by the system's federation.

President J. F. McCreery, one of the federation representatives, issued a statement that the nine crafts in the federation had turned matters over to the international officers and would await action by them.

The strike notices have been written out and are held by President McCreery of the federation.

"CONSCIENCE FUND" OF $500

State Department Clerk Pulls Five Big Bills Out of Envelope.

Washington, Sept. 5.—A clerk in the index and files bureau of the state department was busy opening and classifying the mail that had been delivered and as he sliced a sealed envelope and emptied the contents he observed five $100 bills drop out.

He gathered them up and then delved into the envelope to find the accompanying letter. But the only enlightenment he got was a slip of paper, on which was written "Conscience." The state department officers refuse to tell the postmark on the envelope.

Such letters are frequent in the treasury department, but unusual in the state department.

BEATTIE DENIES ALL CHARGES

Defendant in Murder Trial Tells Story to the Jury.

DID NOT ASK PAUL TO BUY GUN

Will Show Panel How His Wife Was Shot by Bearded Highwayman While Sitting Beside Him in Auto. No Change in Story.

Chesterfield, Va., Sept. 5.—Henry Clay Beattie, Jr., on the witness stand, categorically denied that he took part in or knew anything of the purchase of the shotgun by his cousin, Paul Beattie, with which his wife was killed. He likewise flatly contradicted almost the entire testimony of his cousin, particularly with regard to the alleged confession in which Henry is supposed to have said to Paul, "I wish I hadn't done it."

Tightly clenching a handkerchief, with which he nervously rubbed his face, the prisoner rested his head on one hand and half reclining in the arm of the chair faced the jury. His answers were quick and decisive, and he showed an apt memory in relating the details of the manner in which the alleged highwayman approached his machine, and, intending to shoot at the accused, murdered his wife, who sat beside him.

It was the same story, identical even in its phraseology, with that which the accused told to the coroner's jury, although he admitted more of his relations with Beulah Binford, following the course of the defense throughout the trial in pointing her out as a disreputable girl, for whom the prisoner had only a passing fancy and for whom he never would have murdered his wife.

The examination of the fatal automobile and the demonstration by the prisoner was dispensed with by agreement of counsel. The defense declared that it had rested its case. The cross-examination of the prisoner was begun.

Digs Up Priceless Statue.

Rome, Sept. 5.—A peasant at Mondragone discovered in the remains of an ancient Roman building pieces of a marble statue, which he sold to a dealer. We have so much faith in Zemo that we want you to try it by sending to the E. W.
